

DIPLOMATE STATUS

Dr. John Shoemaker earns highest honor

Dr. John Shoemaker of Sherman, Texas has earned his Diplomat status from the International Congress of Oral Implantologist (ICOI), which was presented to him in Toronto, Canada, on April 28, 2012.

He is only 1 of 34 Texas dentists, 1 of 596 USA dentists and 1 of 1,221 worldwide dentists to have achieved this status. The awarding of Diplomat status is the highest honor a professional society, such as ICOI, can bestow on a dental professional involved in oral implantology. The ICOI conducts a Diplomat program in which active members are encouraged to achieve Diplomat status through their efforts in education, research and actual clinical experience. Advanced Credential Committee interviews and testing are required.

With 30 years of dentistry in the Texoma area, Dr. Shoemaker offers a variety of dental services ranging from a simple filling to the most complex, full-mouth implant reconstruction. His practice is unique in that it is the ONLY Texoma dental

practice that offers advanced general, cosmetic and implant dentistry and that can handle all complex dental care from start to finish in one office location (including the surgeries). When necessary, he offers the comfort of oral or IV sedation (sleep through your treatment) while under the care of our anesthesiologist. In addition, his dental office is the only dental office of its kind in Texoma that gives you a "Peace of Mind" dental warranty with your care.
